JOSEPH FRANK GURERA, aka  
ANTI-RACKETEERING

ReBulet 2-12-63, captioned, "Anthony Joseph Diernat,  
aka., Missing Person - Murder."

Investigations conducted by the Milwaukee Office in connection with the Criminal Intelligence Program indicate that during the past year hoodlums with close ties in Kansas City, Chicago and Las Vegas have appeared in the Milwaukee area and have been taking an active part in the gambling field and in other areas susceptible to domination by racketeers.

Your reports indicate that Joseph Frank Gurera arrived in Milwaukee from the Kansas City area early in 1962. He promptly joined up with former Kansas City hoodlum "Dustor" Calistrero and Milwaukee muscle man, Steve DeSalvo, in shaking down Milwaukee gamblers and tavern owners and collecting periodic tribute payments. Informants have advised that this group had, at one time, considered killing a Milwaukee gambler in order to demonstrate that they had no reluctance in resorting to violence in order to keep everyone in line and to facilitate obtaining additional payoffs in that area. Although Frank Peter Calistreri is the alleged head of hoodlums in Milwaukee, certainly, the results achieved by Gurera in Milwaukee, have increased his stature and standing among the hoodlums.

According to information furnished by your informants, the recent attempted invasion by the Gurera group into the jukebox business in Kenosha, Wisconsin, and the opposition to their efforts on the part of Diernat leads to the speculation that this is a logical and excellent motive for the Diernat murder.

**ANTI-RACKETEERING**

It is noted that arrival of Gurera in Milwaukee was promptly reported by our informants, along with his plans to organize gamblers in that area and to put gambling on a paying basis insofar as the racketeers were concerned. The acquaintanceship of Milwaukee hoodlums with other area hoodlums such as Sam Giancana and Felix "Milwaukee Phil" Alderisio of Chicago; [redacted] of Las Vegas; and [redacted] and John Kelle of Kansas City, has been documented. What part has been played by other area hoodlums in the recent machinations of the Milwaukee group has not been determined.

Bearing the foregoing in mind, and in connection with our responsibilities in the criminal intelligence field to fully develop information regarding criminal activities, criminal influence and domination by racketeers, the Bureau desires that you immediately intensify all phases of your Criminal Intelligence Program. This intensification includes and applies to the following cases currently under investigation in your office:

John J. Aiello, Bureau file 92-5919  
Frank P. Balistreri, Bureau file 92-3116  
Steve J. DeSalvo, Bureau file 92-5134  
Joseph Frank Gurera, Bureau file 92-4690  
John C. Rizzo, Bureau file 92-5012  
Eustiano Vito Eleostero, Bureau file 92-5130  
William Covelli, Bureau file 162-777

In addition, you should open cases and immediately commence active investigation on the following individuals under the Anti-Racketeering character:

Albert Albano, aka  
Fred Covelli, aka  
Dominic Frank Principo, aka  
Francis Stollen  
Walter Brocca

A weekly summary airtel is to be submitted on all of the above cases except Gurera. The initial report on the above-listed individuals is to be submitted to reach the Bureau by March 1, 1968, and thereafter reports are to be submitted without fail on a thirty-day basis.

**RE: JOSEPH FRANK GURERA, aka**  
**ANTI-RACKETEERING**

It is to be noted that retel advised that if investigation establishes that Biernat's murder was a part of the gangland tactics to take over control in Wisconsin and to move into the slot machine business,\* then you should develop further evidence in connection with this killing. In order to facilitate administrative handling, any information developed concerning the Biernat murder should be included in your Anti-Racketeering case captioned, "Joseph Frank Gurera, aka., AR," Bureau file 92-4090. Beginning at once, a daily teletype should be submitted to the Bureau in connection with this matter under the Gurera caption.

Sufficient personnel are to be assigned to your Criminal Intelligence Program and to the Gurera matter in order that our responsibilities in this field are thoroughly and completely handled. You should give this matter close personal supervision.

Your summary report on the Biernat case mentioned in retel should include what progress you have made along the lines of investigative endeavor set forth in your teletype of 1-26-63. In addition, furnish your recommendations as to the feasibility of conducting an all-out investigation of the jukebox business in Northern Illinois and Southern Wisconsin in order to determine the degree of criminal influence and "take over" by hoodlums in this industry. Also, in connection with the Biernat matter, it appears that your informant, [redacted] has furnished excellent information and with additional cultivation and possible [redacted] [redacted] may be induced to furnish additional valuable information in this case. [redacted] b7D

[redacted] warrants further investigative inquiry. It is recalled that in a previous Theft From Interstate Shipment case in the Chicago Office, information was developed that a junk dealer located in the Waukegan Resident Agency had previously used an acetylene torch to cut up hijacked trucks in order to avoid location and processing of the vehicles. Details of this modus operandi should be obtained from the Chicago Office, along with backgrounds of the individuals involved. You should also keep in mind that an FBI Laboratory report indicates that footprints found at the grave site may be of value in comparison with shoes of suspects.

Title: FRANCIS STELLOH

Character: ANTI-RACKETEERING

Synopsis: STELLOH discharged from Wisconsin State Prison at Waupun on 12/19/62 and immediately joined hoodlum element in Milwaukee. Subject was a prime suspect in IZZY POGROB murder on 1/6/60 and has been suggested as a suspect in the ANTHONY BIERNAT abduction and murder. Background shows that Subject has often used a gun in the past and at present is suspected of being a strong arm man for local hoodlums.

DETAILS: AT MILWAUKEE, WISCONSIN

This report is predicated on instructions from the Bureau to open an Anti-Racketeering case on STELLOH in view of his current activities and involvement with the hoodlum element in Milwaukee.

On December 21, 1962, MI T-1 advised that there had been a new development concerning the activities of the Italian organization in Milwaukee. The basis of this information was the fact that FRANK STELLOH had been discharged from the State Prison at Waupun on Wednesday, December 19, 1962. MI T-1 pointed out that STELLOH had been sent back to Wisconsin State Prison for violation of parole after he refused to take

MI 92-315

a lie detector test in the IZZY POGROB murder case. Local authorities suspected that STELLOH was the killer.

At the time MI T-1 pointed out that the organization must be worried concerning STELLOH inasmuch as DOMINIC FRINZI, the syndicate attorney, and STEVE DE SALVO (MI 92-165) drove to Waupun and picked up STELLOH when he was released and drove him back to Milwaukee. According to MI T-1, STELLOH was staying at the home of JOE GURERA (MI 92-257), and BUSTER BALESTRERE (MI 92-166) is extremely worried about STELLOH being in Milwaukee. MI T-1 said on the night of STELLOH's release, FRANK BALISTRIERI (MI 94-316) and his girl friend, [REDACTED]

[REDACTED] JOE GURERA, BUSTER BALESTRERE and STEVE DE SALVO all met FRANK STELLOH at JOE GURERA's home and had a party.

Further information indicated that BUSTER BALESTRERE [REDACTED]

[REDACTED] MI T-1 believed that this may have had something to do with the POGROB killing and that BALESTRERE may have had a hand in the killing. At the time MI T-1 advised that FRANK STELLOH would very possibly start approaching non-Italian gamblers and night club operators for a weekly payoff similar to that that the Italian Element must pay. MI T-1 advised that STELLOH would be an ideal person to do this inasmuch as he is not an Italian and he has the reputation of being a strong arm man and killer and would have little difficulty in bringing these individuals into line.

On January 18, 1963, further information indicated that FRANK STELLOH and STEVE DE SALVO are riding together and that STELLOH is supposed to go to work in some sort of booking operation and that STELLOH is STEVE DE SALVO and JOE GURERA's right hand muscle man and that he would do any strong arm work that they would tell him to do.

On February 1, 1963, MI T-1 further advised that STELLOH's "eyes light up" when a killing is mentioned. MI T-1 said that he had read in the paper of a white Thunderbird near the BIERNAT murder scene and advised that this very possible could have been STELLOH's car as he is currently driving a white Thunderbird.

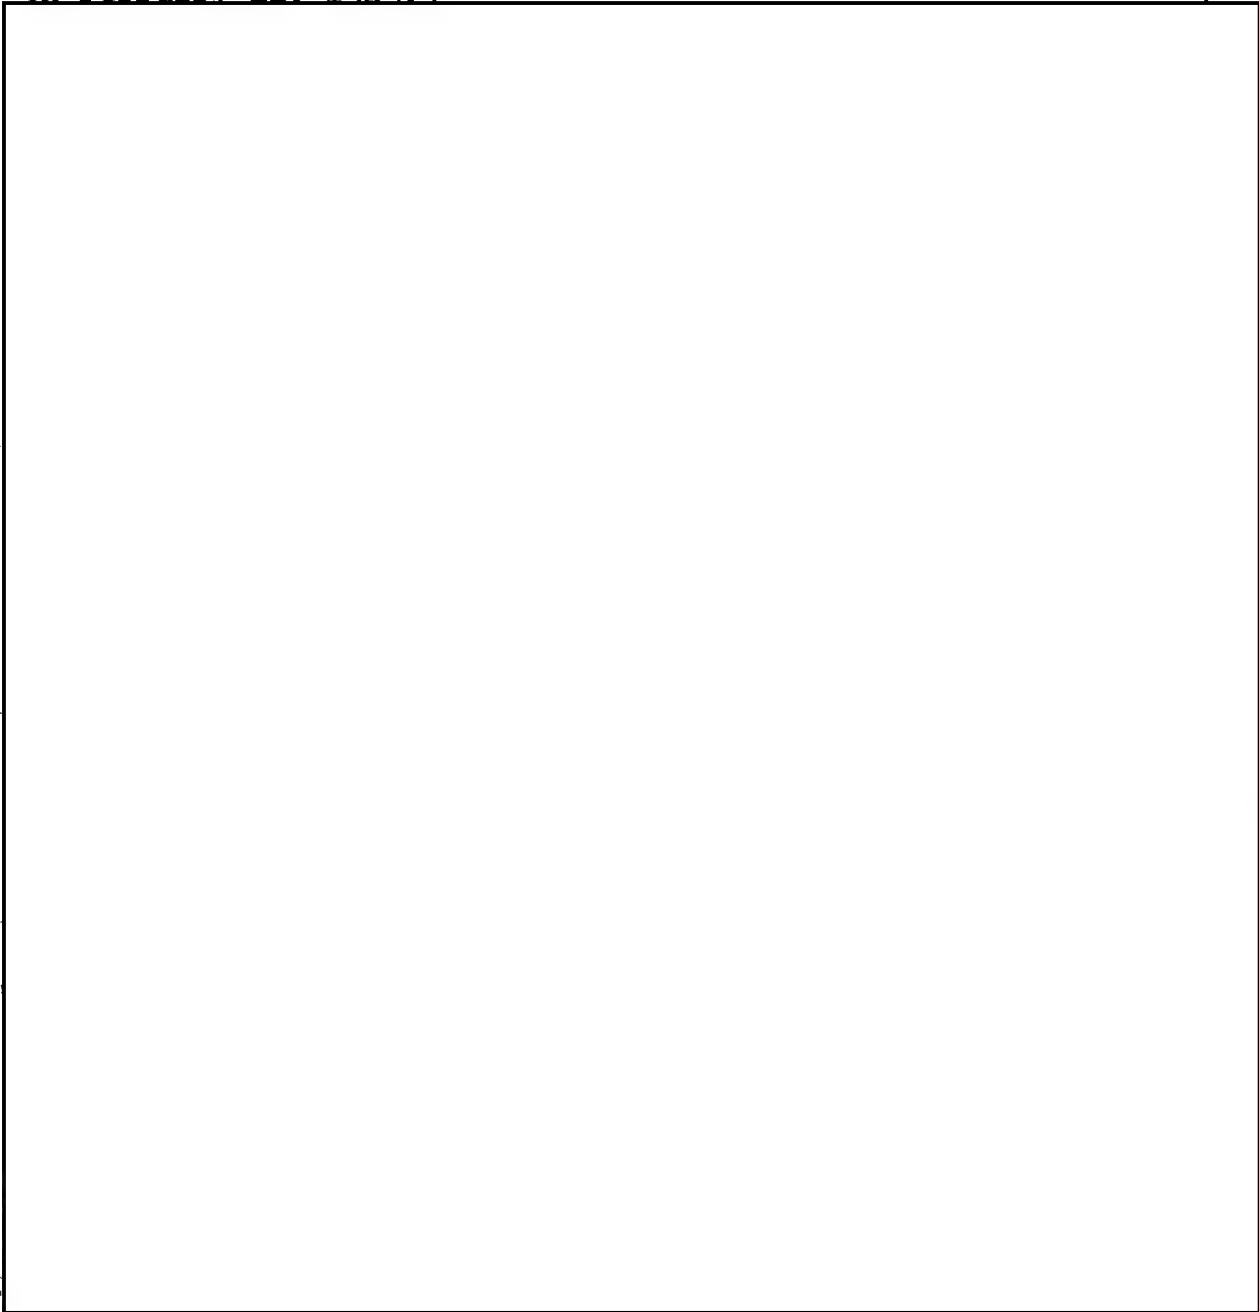

On February 8, 1963, MI T-1 advised that FRANK STELLOH is hanging around at Gallaghers and that he is now apparently

Re Milwaukee airtel 4/8/63.

In line with your request, you are authorized to discontinue the submission of weekly summary airtels concerning investigation of subject. Investigation of subject's activities should, however, continue in view of his obvious involvement with the underworld element in Milwaukee.

Any information relating to subject's possible connection with the Biernat murder should be promptly reported in that case. You should also continue to submit investigative reports on a regular basis concerning subject.

NOTE: This is one of a number of cases intensified as a result of investigation into the murder of Anthony J. Biernat, Kenosha jukebox operator. Daily teletypes are being received which contain any pertinent information developed and it appears that unnecessary duplication of effort can be avoided by eliminating the weekly summary airtels in this case.

WEEKLY SUMMARY AIRTEL

On 3/28/63 [redacted] West Allis PD, advised that the Subject was a derendant in a traffic case which had been continued to 4/6/63 because of unavailability of DOMINIC FRINZI, Subject's attorney. Subject had been in an accident at 117th Street and Oklahoma Avenue on 3/11/63 and was charged with driving at an excessive speed. When involved in the accident Subject was driving his 1958 Thunderbird. He had no insurance. The other car in the accident was driven by [redacted]

On 3/30/63 the "Milwaukee Journal" contained an article which stated that Circuit Judge ROBERT W. LANDRY had denied attorney DOMINIC FRINZI further time to file a bill of exceptions in connections with Subject's appeal to the Supreme Court of Wisconsin in a civil action. Subject had sued six Milwaukee and West Allis policemen for false arrest but had lost his case in Circuit Court. The arrest occurred in 1960 when Subject was charged with fornication, was at first found guilty, but was later found not guilty by a jury when the conviction was appealed.

The Journal article said that Judge LANDRY pointed out that FRINZI had already had two extensions of time for his bill of exceptions but had failed to file in time.
